

FIRE DAMAGE UP TO \$10,000

A recent fire at the Kate Cocks Girls' Home caused damage estimated at up to \$10,000.

A bedroom was burnt out and damage to the building from smoke and water was considerable.

The fire started when clothes drying by a radiator fell on to it. Quick action prevented it spreading further.

Above: Inspecting the damage: Executive Treasurer, Kelvin Dickens (L) and Child Care Director, George Beltchev.
