

# Mission Australia

1996 -

URL: http://www.missionaustralia.com.au/

## **Details**

Mission Australia was formed in 1996 when Sydney City Mission (established in 1862), Adelaide City Mission (established in 1867), Wollongong City Mission, Perth City Mission (also known as Jesus People Inc.), Brisbane City Mission, Mission Australia Northern New South Wales, Mission Australia Southern New South Wales, Mission Australia Group Training and Mission Employment all joined forces. It provides a range of welfare services, although it no longer conducts residential care for young people or children.

Mission Australia runs community and employment services across Australia, delivering youth and children's programmes, jobseeker programmes, homelessness services and skills training. It has offices in every state.

### Records

Records of the homes run by the organisations that merged in 1996 are under the control of Mission Australia. Some are lodged in the Mitchell Library, which is part of the State Library of New South Wales.
