

Hove Cottage

1976 - 1986

Details

Hove Cottage was opened by the Adelaide Central Methodist Mission at Hove in 1976. In the mid to late 1970s, as a response to the government's push to close large congregate care institutions and replace them with smaller group care, the Methodist Church closed Lentara and established a number of Cottage Homes in suburban areas. The cottages were able to provide more specialised care. Hove Cottage closed in 1986.
