

Public Health Department, State Government of Western Australia

1911 - 1984

Details

The Public Health Department of Western Australia was formed in 1911 following the passing of the Public Health Act of 1911. The Department of Public Health was responsible for the administration and provision of public health and medical services in Western Australia. In 1984 the Public Health Department was merged with the Department of Hospital and Allied Services and Mental Health Services to form the Health Department.
