Details

The Northcote Children's Home Act, no 8921, was passed in 1976 following the passing of the Northcote Trust Fund Act in 1975. Its primary purpose was to designate current employees of the Northcote Farm School as public servants and so that their employment continued as the Victorian Government took over the running of the Home. The Act also changed the Farm School's name to the Northcote Children's Home.
